

Are you ready to **change**  
the way you pack?

**Omni-Health**

## Change the way you pack.

Omnicell is a world-wide provider of software, automation and DAA packaging for pharmacies. The Orion software has been developed specifically for hospitals, pharmacies and nursing homes in Singapore that provide DAA services. The software offers advanced features such as on screen packing and checking guidance, batch dispensing and end-to-end pack status checking. These features have been designed to improve efficiency, accuracy and to fulfill all recording requirements electronically.

## GUIDED FILL

SUREMED GUIDED FILL OFFERS THE SECURITY OF ON SCREEN PACKING GUIDANCE AS WELL AS A HOST OF OTHER FEATURES TO ENSURE ACCURACY AND EFFICIENCY.

- Barcode validation for drug selection
- Pill totals for each blister
- Profile change check
- Optimized packing order
- Multi - week packing
- Drug usage indicators
